

Experienced Management Consultant within Financial Services - Strategy & Consulting

Experienced Management Consultant – Financial Services (Banking, Insurance & Capital Markets)

Location: Stockholm

Shape and deliver the future of Financial Services

We are expanding our Financial Services team in Stockholm and are looking for a skilled Consultant (3–6 years' experience) to help leading Nordic banks and insurers tackle their most important strategic and transformation challenges.

If you are passionate about both *defining where organizations should go* and *making sure they get there* — this is your chance to accelerate your consulting career.

About the Role

At Accenture Strategy & Consulting – Financial Services, we work with clients across the full change lifecycle - from strategy development to transformation delivery. You will help clients solve challenges such as:

Strategic focus

- Corporate strategy and growth opportunities
- Operating model design to support new business ambitions
- Strategic cost management and efficiency improvement
- Buy vs. build assessments to guide investment choices

Transformation focus

- Designing and delivering change programs
- Value management and realization
- Platform and solution validation
- Business process optimization and digital enablement

You will collaborate across Accenture and client teams, often navigating complex organizations and connecting the right competencies to drive impact.

Your impact

You will engage directly with C-level leaders of major banks, fintech and insurance companies, acting as a trusted advisor to help them define their next wave of growth, efficiency improvements, digital transformation, and innovation, working at the intersection of business and technology. Your insights and network will play a pivotal role in expanding Accenture's footprint across the Nordic Financial Services landscape.

What You Bring

- 3–6 years of experience in consulting, banking, insurance, or corporate strategy roles
- Strong analytical and problem-solving skills - able to structure both ambiguous and operational problems
- Experience contributing to change initiatives or strategic analyses
- Strong communication and stakeholder management abilities
- Master's degree with an excellent academic record
- Proficiency in Swedish and English (Swedish fluency is preferred for this role)
